MEDICAL MASSAGE THERAPIST who uses an analytical, empathetic, and collaborative approach to relieve pain, treat acute and chronic conditions, and enhance athletic performance. As a former mechanical engineer responsible for quality control in Silicon Valley, I have a passion for finding the root cause of my clients' soft tissue conditions and skillfully using medical massage to treat them.

Massage Modalities

Orthopedic Massage, Neuro Massage, Sports Massage, Elder Massage, Pre- and Post-Surgery Massage, and Manual Therapies including PNF Stretching, Myofascial Release, and Trigger Point

Conditions Treated

Muscle pain and injuries including whiplash, sciatica, rotator cuff, carpal tunnel, shoulder impingements, tennis and golfer's elbow, and hip disorders, athletic injuries and performance enhancement, and other soft tissue conditions

Chiropractor Recommendation

"Bomi is an incredible asset to any chiropractic team. He worked in my practice for about 5 years. Bomi's skillset as an Orthopedic Massage Therapist is unparalleled. He was pivotal in the resolution of many soft tissue injuries for a large number of my clients. We worked in unison and in a complementary way with hundreds of clients."
